

IoT driven Patient / Asset / Employee Tracking System

“Enhance efficiency and quality while gaining a holistic view of patient movement at every stage of healthcare delivery”

OUR SOLUTION

Our IoT-driven patient tracking system seamlessly integrates into patient flow management, offering real-time visibility of patients, assets & staff movements across various departments & Increase in resource occupancy efficiency during admissions, procedures, examinations etc.

KEY FEATURES:

-  Get holistic view of **real-time patient's movement** throughout the facility.
-  Measure key milestones in the **patient journey & bottlenecks**
-  Integration with **HIMS**.
-  **Location intelligence & Analytics**

BENEFITS

- **30% - 50%**
Reduction in patient wait times
- **20% - 50%**
Increase in pod occupancy efficiency
- **60% - 75%**
Reduce time spent searching for patients

WHO WE ARE

Founded in 2022, Achala Health is driven by a passion for transforming healthcare with innovative technology. By blending industry expertise, practitioner insights, and cutting-edge solutions, we create patient-centric applications that elevate the experiences of patients, doctors, and healthcare practices.

WHY CHOOSE US

Transform operations and elevate care quality with our automated workflows, leveraging real-time patient tracking to boost efficiency & staff productivity.

-  Proactively Manage multiple facilities
-  Error-Proof patient Identification
-  Capture patient movement within seconds
